

Passport® Point-of-Sale offers a simple way to verify if your payment network is offline so employees can pinpoint connectivity problems as fast as possible.

FROM THE CASHIER WORKSTATION:

1. If your "Network" button is a color such as red, yellow, or blue...

2. Tap the "Network" button

3. Select each network listed to see the details of network status.

4. When Passport indicates an offline status, call your network service provider first.
