

RACS stands for Retail Access Control Standards – an enhanced age restriction program to ensure responsible retailing.
HERE'S HOW TO MAKE SURE YOUR PASSPORT POINT-OF-SALE MEETS THOSE STANDARDS.

FROM THE MANAGER WORKSTATION:

1. Select "Set Up"

2. Then "Store"

3. Then "Restriction Maintenance"

4. Select a Restriction Group.

5. Tap "Change"

6. Select "Entry of Birth Date Required" in the Buyer-Seller tab. Find the "Exclusive Sale" section and enter the maximum number of items in a single transaction.

7. Select the Age Verification Tab and click the box for "Customer ID scan preferred" along with the "Allow Manager override of birth date entry" checkbox.

8. Select "Save"
