

Passport POS leaves no stone unturned to market to your customers – **EVEN ON THE PIN PAD OR SELF-CHECKOUT SCREENS.**

FROM THE MANAGER WORKSTATION:

Load ad graphics on USB drive and insert into Passport server

1. Select **Set Up**
2. Select **Register**
3. Select **PIN Pad Advertisement** OR **Express Lane Advertisement**
4. Select **Download from USB**
5. Select desired image files

Advertisement Image(s)	
	Directory
Branding Background.png	E:\
Gilberto-Pin-Pad2.png	E:\
Gilberto-Pin-Pad3.png	E:\
Bumilo-Pin-Pad.png	E:\
Gilberto-Pin-Pad1.png	E:\

Then click **Ok**
6. Drag & Drop up to 10 images into selected image list and drag to adjust order within the list

PIN Pad Advertisement	
Background	Selected Image File(s)
Bumilo-Pin-Pad.png	Gilberto-Pin-Pad2.png
Gilberto-Pin-Pad.png	Gilberto-Pin-Pad3.png
7. Set time interval

Image display interval: 10 Seconds
8. Select **Save**

Minimum Passport Version 20.02. Does not apply to Shell or BP branded sites.

NOW YOU HAVE ONE MORE TOUCHPOINT TO REACH YOUR CUSTOMERS AS THEY HEAD OUT THE DOOR.
