

# End of Life Notification

## Carbon Canister Vapor Polisher – 3" Vent Pipe

### Overview

Veeder-Root will be offering a last time buy for the 3" Vent Pipe version of the Carbon Canister Vapor Polisher. Due to preference for the 2" Vent Pipe, we will no longer be manufacturing of the 3" vent piping and mounting bracket kit **effective December 31, 2021**. The 2" Vent Pipe version of the Carbon Canister and mounting bracket kit will continue to be available.

Veeder-Root's Carbon Canister Vapor Polisher (CCVP) is certified to meet the California Air Resource Board (CARB) Enhanced Vapor Recovery (EVR) regulation when installed with Balance Hanging Hardware. The Carbon Canister mounts directly on a station's existing vent pipes.
