## DIS-50 Delivery Information System

### Overview

#### Veeder-Root DIS-50

Veeder-Root is committed to providing the highest quality products and services to our customers. As the world leader in technology development fueling systems, we view product End of Life (EOL) as part of the natural cycle that drives technology evolution.

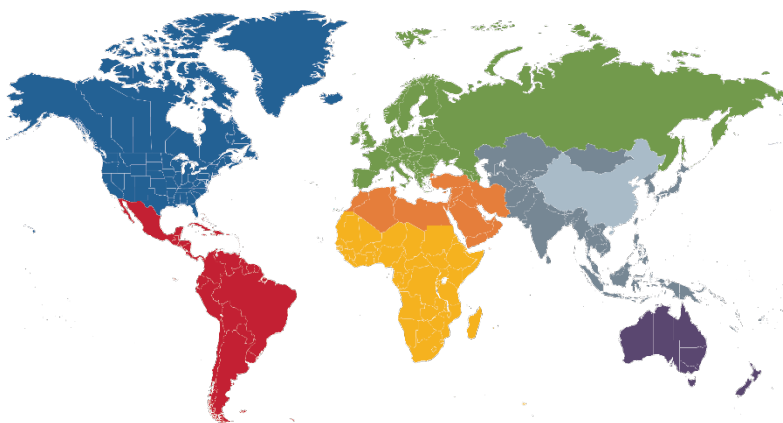

Therefore, we are communicating the end of life of the DIS-50 Delivery Information System **effective immediately**.

The parts and subcomponents have reached the point in their life cycle where manufacturing the system is no longer feasible due to the increased costs for older technologies.
