

# Software Release Version 9.Z

## TLS-450PLUS and TLS4 Series Consoles

### Purpose

This document announces the release of version 9.Z software for the TLS-450PLUS and TLS4 series consoles.

### ► Performance Enhancements

#### HydrX™ Web UI Release

- HydrX setup and overview screen capabilities are available on the Web-Enabled Interface (Web UI).
  - Users can see the HydrX water level and if there is a HydrX alarm.
- HydrX setup is included on the Web Workflow Wizard.

#### TLS-450PLUS and TLS4 Series Reporting Improvements

- Device selector allows users to filter and manage alarms by device type and device id.

### ► Software Upgrade Kit – TLS-450PLUS, TLS4 Series Consoles

Software upgrades are always free to download on our website at [veeder.com/us/software-downloads](http://veeder.com/us/software-downloads).

Software upgrades can also be ordered on a USB Flash drive at no charge by ordering the software kit part number in the table below:

Part Number	Description	List Price
0330020-744	TLS-450PLUS, TLS4 Series Operating Software Upgrade	No Charge
