

# Express Ordering™ Foodservice Solution

Self-service food ordering  
expands convenience  
throughout the c-store.

Enhance your customers' in-store  
experience by enabling them to  
order and pay for freshly made food  
anywhere in the c-store.\*

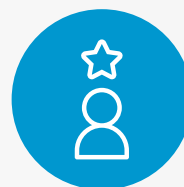

**Reduce  
order errors**

**Shorten  
checkout lines**

**Increase operational  
efficiencies to cut costs**

**Personalized ordering  
experience**

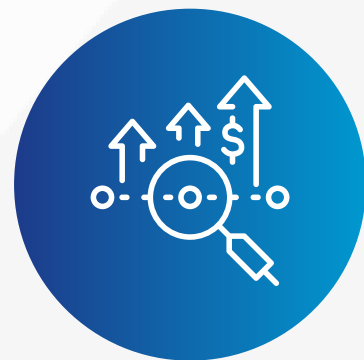

\* Express Lane™ Self-Checkout activation is required to enable payment for c-store items and fuel from an Express Ordering kiosk.

## Made-to-Order Food Your Customers Want at the Convenience They Expect

Give customers what they want when they want it. And stay ahead of the competition with shorter checkout lines and more foodservice choices with the Express Ordering Foodservice Solution from Invenco by GVR.

Convenience store customers can order and pay for fresh, made-to-order food at a self-checkout kiosk or any other in-store workstation. But Express Ordering is much more. It's part of the Passport® Retail Platform, designed exclusively for c-store operators to provide the ideal business solution to help you succeed.

**91%** of c-store retailers plan to invest significantly in foodservice from 2023 to 2025.<sup>1</sup>

# Grow Profits With Best-in-Class, Self-Ordering Solution

Foodservice is now more than 35% of in-store gross profits for a c-store retailer and a great way to offset falling revenue in other areas. Express Ordering Foodservice Solution can help retailers address these challenges by increasing customer convenience and satisfaction.

More than **35%**  
of of in-store  
gross profits are  
generated by  
food services,  
compared to 29%  
a decade ago.<sup>2</sup>

## Grow your foodservice business and streamline operations

Expand food ordering opportunities by implementing the Express Ordering Solution that works for your store.

- Customers order food at an Express Ordering kiosk and pay at a cashier workstation.
- Customers order and pay for food at an Express Ordering kiosk.
- Order food and pay for all c-store items, including fuel, at any Express Ordering or Express Lane kiosk.
- Order food from any cashier workstation.

Express Ordering is not only a self-service food system; it also improves operational efficiency and increases the opportunity for upselling and add-ons.

- Easily manage menus and prices based on time of day and location.
- Remotely deploy menus and monitor all locations from anywhere.
- Seamlessly integrate with Passport Point-of-Sale (POS) and existing back office and home office systems.
- Free up employees to focus on food preparation and customer satisfaction.

# What you need to get started.

**Express Ordering Foodservice Solution** is offered as part of the Passport Retail Platform of c-store business solutions to help you succeed. C-stores need to purchase and implement Passport POS and then purchase and integrate Express Ordering.
