Software Release Version 10.K
TLS-450PLUS and TLS4 Series Consoles

VEEDER-ROOT

Purpose

This document announces the release of version 10.K software for the TLS-450PLUS and TLS4 series consoles.

▶ Performance Enhancements

HydrX™ Fuel Conditioning System

- HydrX operation will take a break after every continuous hour of operation to perform a 3.0 Gallons Per Hour (GPH) test

User Experience Enhancements

- The Delivery ID field from the Ticketed Delivery Report is now included in the print-out from the ATG
- The decimal place has been made consistent in the GUI and Web-Interface for the Tank Limit fields
- The Wireless feature is now available in French and German in the Help Functionality

Ongoing Improvements
- Version 10.K includes miscellaneous bug fixes and updates

▶ Software Upgrade Download – TLS-450PLUS, TLS4 Series Consoles
