

Passport® Retail Platform: A Look Into 2025

Built for C-Stores, Built for You

Passport Point of Sale

Want less headaches, greater flexibility, and more ways to access your resources? Passport has you covered. And as an added bonus, you can give back to your community or charity of choice. See what's new below:

Passport Enterprise: Want to use Passport with any hardware you own? This architecture operates on the edge of your network which provides near zero downtime, updates and installs new software in minutes not hours, and is hardware agnostic.

FlexPay 6 Indoor & Outdoor Payment Terminals: Save money and simplify payment terminal management.

Donations: Allow your customers to **donate to your chosen charity** during their payment transaction – at the dispenser or inside.

Express Lane™ Self-Checkout

Configure your Express Lane remotely using Instore

Show off your brand personality with **custom speed keys**.

Serve Spanish speaking users better by allowing them to choose **Spanish language directions**.

Safer and faster age verification with **TruAge**.

Express Ordering™ Foodservice

Give busy customers more ways to order food

Order at the pump using new FlexPay 6 outdoor payment terminals.

Streamlined **drive-thru** order taking and outdoor digital menu partner.

Let customers show their appreciation by adding a **gratuity!**

Contact your Invenco by GVR representative for more information.
