

## Technical Support Notification

### On-Line Certification Program

### TLS-450<sup>PLUS</sup>, TLS4i and TLS4c

Veeder-Root announces a free introductory on-line LMS course for currently certified TLS-450 contractors and installers to become TLS-450<sup>PLUS</sup>, TLS4i and TLS4c certified. The on-line course will be free until January 31<sup>st</sup>, 2015. Through this period, Veeder-Root will waive all course fees.

You are able to self-enroll in the TLS-450<sup>PLUS</sup>, TLS4i and TLS4c training courses in LMS. To enroll, you must hold a current TLS-450 technician certification. Not a TLS-450 certified technician? Contact your local certified trainer to schedule your local course.

#### Enrollment Instructions:

1. Log into LMS: <http://wise.gilbarco.com>

2. Near the top of the screen select: Self enrollment

3. Select: TLS-450<sup>PLUS</sup> & TLS4c & TLS4i

The course will now appear in your course selection on the left column.

You must complete and submit the course before January 31<sup>st</sup>, 2015 to receive credit without incurring the course fee.
