

Model 124 Quartstroke

Get a Handle on Accurate Delivery Every Time.

One Quart Delivery

The Model 124 delivers 1 quart with each cycle - no more, no less. Exact measurement means you don't waste product or time.

Calibration Capability allows compensation for a variety of products to ensure exact delivery.

Friction-Free Construction with resilient Teflon piston and malleable iron rack/pinion gear for years of smooth, easy operation.

Compact Design just 17" in height, weighs under 17 pounds, for easy set-up. For more information on the Model 124 QuartStroke measuring pump, contact your local distributor.
