

VEEDER-ROOT READY QUANTUM™

The following defined terms are used throughout the literature to bring attention to the presence of hazards of various risk levels, or to important information concerning the life of product.

DANGER

indicates presence of a hazard which will cause severe personal injury, death or substantial property damage if ignored.

CAUTION

indicates presence of a hazard which will or can cause minor personal injury, death or substantial property damage if ignored.

WARNING

indicates presence of hazard which can cause severe personal injury, death or substantial property damage if ignored.

NOTICE

indicates special instructions on installations, operation, or maintenance which are important but not related to personal injury hazards.

NOTICE This portion of the installation manual **ONLY** pertains to models ending in **VR** (Veeder-Root ready Quantum). Only those instructions outlined here are affected. **All other Quantum installation instructions are unaffected.**

NOTICE The Pressurestat is replaced by the check valve housing. The pressure relieving check valve is factory set to be compatible with Veeder-Root PLLD and WPLLD systems and is **not adjustable.**

NOTICE The Pressure relieving check valve **CANNOT** be closed as supplied from the factory. The purchase and installation of 388-082-5 check valve housing with lockdown screw or some other means of closing the supply line is required.
