

Elite 3/4" Pressure-Sensitive Automatic Nozzle

The Elite series of automatic nozzles establishes a new standard for vehicle refueling. The lightweight construction produces a smooth-working, rugged nozzle designed for endurance.

The Elite pressure-sensitive nozzle is specifically designed for self-service or card-lock systems. The no-pressure/no-flow feature enables the station operator to control the dispensing of fuel while the customer has the convenience of a one-hand, hold-open mechanism for effortless dispensing.

Features and Benefits

- > UL/ULC 2586 listed to be used in unleaded, auto diesel and up to 10% ethanol fuels
- > Pressure sensitive design prevents spills in prepay fuel dispensing
- > Unique attitude device feature provides automatic shut-off if raised above horizontal or if it falls from the vehicle
- > Trickle Flo Poppet allows customers to easily regulate low-flow fuel dispensing
- > No "remove by" date
- > Durable cover and hand guard material designed to protect customers' vehicles
- > Complimentary splash shield included for all new Elite nozzles
- > Mates with all 5/8" and 3/4" hoses
- > BSPP and BSPT threads are available
- > Custom logo is available upon request
- > Industry-leading, 18-month warranty for all new Elite nozzles
