

## Straight Swivels

Catlow's straight swivels eliminate kinking and twisting of the hose, making it easier to manipulate the nozzle when dispensing fuel. The swivels are available in 3/4", 1", and 1 1/2" inlet sizes.

The straight swivels offer ease of operation for the consumer and will extend the life of your hoses. Recommended installation is at the back of the nozzle.

### Features and Benefits

- > 360-degree swivel on bushing end
- > Install behind the nozzle or at the dispenser
- > Lightweight and maintenance free
- > Minimal flow restriction
- > Does not affect existing hose length
- > Extends hose life
- > Mates with all 5/8", 3/4", 1", and 1 1/2" hoses
- > 12-month warranty
