

End of Life Notification

Low Level Float Kits

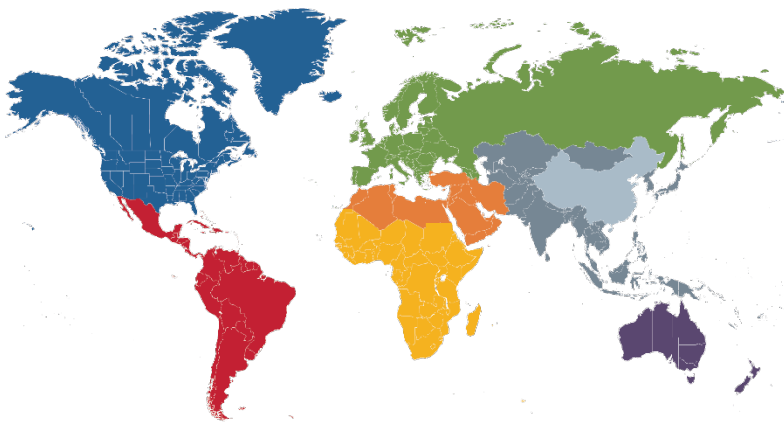

Overview

Veeder-Root is committed to providing the highest quality products and services to our customers. As the world leader in the development of fueling system technology, we view product End of Life (EOL) as part of the natural cycle that drives technology evolution.

Therefore, due to low demand and the availability of parts, we are obsoleting certain Low Level Float Kits. The last time buy date will be **July 25, 2022**, or while supplies last.

▶ Targeted Market

Global Regions

 North America	 MEA
 LATAM	 ANZ
 EU	 SEA
 SSA	 China

▶ Transition Details

For customers currently using a low level float kit, we recommend transitioning to a Mag Plus probe and float kit of the same size and fluid compatibility.

Please contact Customer Service at customerservice@veeder.com.

See the *Product Transition Information* section for more information.
