End of Life Notification

TLS-IB Console Part Numbers 08466x0-180 and 08466x0-380

Overview

Veeder-Root is committed to providing the highest quality products and services to our customers. As the world leader in the development of fueling system technology, we view product End of Life (EOL) as part of the natural cycle that drives technology evolution.

Effective immediately, we are transitioning to a new and improved version of the TLS-IB Console; part numbers 08466x0-580 are replacing part numbers 08466x0-180 and 08466x0-380. The new console has improved RS-232 communication due to new component parts on the CPU board.
