## TLS-300 Series ATG Systems

### Details/Overview

#### TLS-300 ATG Series 8485

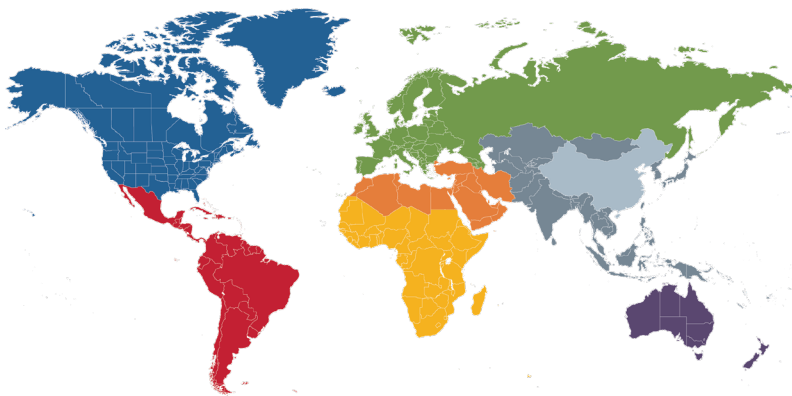

Veeder-Root is committed to providing the highest quality products and services to our customers. As the world leader in technology development fueling systems, we view product End of Sales (EOS) as part of the natural cycle that drives technology evolution.

The Veeder-Root product marketing team is announcing the End of Sales of our 8485 Series TLS-300 Automatic Tank Gauge Systems. Each system has reached the point in its sales cycle where manufacturing the product is not feasible due to obsoleted components, increased cost to maintain older technologies, as well as production costs to maintain product.

### ▶ Targeted Market

#### Global Regions

- North America
- LATAM
- EU
- SSA

- MEA
- ANZ
