

End of Life Notification

Mechanical High-Capacity Meter Registers

Overview

Veeder-Root is committed to providing the highest quality products and services to our customers. As part of the natural cycle that drives technology evolution, Veeder-Root is announcing the global End of Life (EOL) for the following Mechanical High-Capacity Meter Registers, **effective immediately**. These products have reached the point in their sales cycle where manufacturing them is not feasible due to low demand and increased cost to maintain older technologies.

► Impacted Equipment

► Transition Details

With the High-Capacity Meter Registers are no longer available, customers should switch to an EMR4 Electronic Meter Register moving forward. The EMR4 is designed to be installed or integrated with any meter as a custody transfer approved electronic meter register for mobile and stationary bulk fueling. Learn more on our [EMR4 Electronic Meter Register](#) webpage.

Please contact Customer Service at customerservice@veeder.com with any questions.
