VEEDER-ROOT

End of Life Notification
ATEX Version of the CDIM TLS4 Console
European Union Only

Overview

Veeder-Root is committed to providing best-in-class products and critical equipment needed by the industry. Due to the RoHS Directive in the European Union (EU) *, Veeder-Root will be discontinuing the sale of the ATEX version of the Current Loop Dispenser Interface Module (CDIM) TLS4 console in the EU market only. This CDIM TLS4 console will continue to be supported in other regions, however.

Support and RoHS Compliance for the EU will still be met through the existing ATEX Electronic Dispenser Interface Module (EDIM) and International Forecourt Standards Forum (IFSF) models of the TLS4 console.
