

End of Life Notification

TLS-3xx DIM Kits & 12V Replacement Lamp

Overview

Veeder-Root is committed to providing the highest quality products and services to our customers. As the world leader in the development of fueling system technology, we view product End of Life (EOL) as part of the natural cycle that drives technology evolution.

Due to the lack of availability of several components needed to manufacture and support various parts of the discontinued TLS-3xx consoles, Veeder-Root has determined, **effective immediately**, we can no longer produce the following products.

► TLS-3xx Dispenser Interface Module (DIM) Kits

| Part Number | Item | Supported System | Last Time Buy Date |
|-------------|------------------------------|--|--------------------|
| 0330404-010 | DIM, Wayne CDIM ¹ | Any POS terminal using Wayne pump controllers and Wayne dispensers | Not Available |
| 0330404-020 | Gilbarco DIM ¹ | Gilbarco TS-1000, TCR-G, T-11, T-12, AutoGas Storemaster, any POS system using Gilbarco PAM (Pump Access Module) | Not Available |

¹ Installs in communications compartment. Requires DIM installation kit.

► TLS-3xx 12V Replacement Lamp

| Part Number | Description | Last Time Buy Date |
|-------------|----------------------|---------------------|
| 0576011-034 | 12V Replacement Lamp | While Supplies Last |

► Transition Details

We recommend customers transition to the Veeder-Root TLS-450PLUS consoles. Please contact Customer Service at +1.800.873.3313 or customerservice@veeder.com with any questions.
