

# End of Sale Notification

## TLS-350 & TLS-300 Series ATG Spare Parts

### Overview

The end of sale (EOS) for the Veeder-Root TLS-350 series consoles was announced on June 30, 2021, in North America (excluding California), and on August 15, 2023, in California. The EOS for the TLS-300 series was on June 15, 2020.

Spare parts will be supported through 2025, however due to rising costs and dwindling component availability, **parts for the TLS-350 and TLS-300 will no longer be available after December 31, 2025.**

### ► Transition Details

Veeder-Root values its long-standing partnership and encourages customers with TLS-350 and TLS-300 consoles to consider upgrading to the TLS-450PLUS or TLS4 Series ATGs.

These updated models offer benefits such as remote connectivity, enhanced security, lower total cost of ownership, and expanded capabilities.

Channel Partners are encouraged to connect with customers operating legacy Veeder-Root ATGs to communicate the EOS and how they can utilize the [ATG Trade-Up Program](#) to future-proof their stations.

### ► Schedule

Platform	Platform Details	Region	Console End of Sale Notification Date	Console Last Time Buy Date	Spare Parts End of Sale Date *
TLS-300 Series Consoles	TLS-300, TLS-300C, TLS-300I	North America	June 15, 2020	December 31, 2020	December 31, 2025
TLS-350 Series Consoles	TLS-350, TLS-350PLUS, TLS-350J, TLS-350R	North America (exception California)	June 30, 2021	December 31, 2021	December 31, 2025
TLS-350 Series Consoles	TLS-350, TLS-350PLUS, TLS-350J, TLS-350R	California	August 15, 2023	November 15, 2023	December 31, 2025

*\* Spare parts will be supported until the Spare Parts End of Sale Date or when parts can no longer be produced due to lack of component inventory, whichever comes first.*

## ▶ Product Transition Information: TLS-450PLUS

Part Number	Description
0860091-302	TLS-450PLUS Console with 8" WVGA Color Touch Screen Display, Printer, 3 Ethernet and Dual USB/Expansion, Dual RS-232/RS-485, UL/cUL

If your customer has this...

**TLS-350 Series Console**

They should upgrade to this...

**TLS-450PLUS**

## ▶ Product Transition Information: TLS4 & TLS4B

Part Number	Description
0860190-020	TLS4 Console, Color Touch Screen Display, EDIM, UL
0860196-020	TLS4B Console, Color Touch Screen Display, EDIM, UL

If your customer has this...

**TLS-300 Series Console**

They should upgrade to this...

**TLS4/4B**

## ATG Trade-Up Program

Did you know the Veeder-Root ATG Trade-Up Program not only provides excellent credits on new TLS-450PLUS and TLS4 Series ATGs, but also extends the warranty on existing, connected Veeder-Root probes, float kits, and sensors\*? Reach out to your Veeder-Root sales representative today to learn more about this fantastic program!

\* Mag-FLEX and capacitance probes are excluded from this warranty extension.

EXTEND YOUR WARRANTY

**ONE YEAR**

Refer to [veeder.com](http://veeder.com) for additional product information.

## ► Impacted Equipment: Interface Modules

Part Number	Description	Part Number	Description
0329356-002	Module, Four-Input Probe Interface (Max 4/TLS-350, TLS-350PLUS, TLS-350R. Incl. terminal connect. for 1 ground temp thermistor for volumetric line leak detector)	0329359-001	Module, Four-Relay Output - Provides dry contact switch for 120 VAC source (Used for Positive Shutdown or External Alarms)
0329356-004	Module, Eight-Input Smart Sensor	0329359-003	Module, Four-Relay Output - Provides dry contact switch for 240 VAC source (Used for Positive Shutdown or External Alarms)
0332250-001	Vacuum Sensor Module, Seven-Input Smart Sensor w/ Embedded Pressure Sensor Interface for Vac Sensor Monitoring and ISD (Min 1 req'd for Vac Sensor Monitoring)	0329360-001	Module, Two-Input/Two-Relay Output Interface - 2 inputs provide 12VDC - 35VDC rated input, outputs rated 120V for Generator applications and Pump Sensing
0848290-104	Module, Eight-Input Interstitial/Liquid Sensor, for use w/ Series 7943 Liquid Sensors	0329360-003	Module, Two-Input/Two-Relay Output Interface - 2 inputs provide 12VDC - 35VDC rated input, outputs rated 240V for Generator applications and Pump Sensing
0329358-001	Module, Five-Input Vapor Sensor, for use w/ Series 7943 Vapor Sensors	0330374-001	Module, Three-Output Pressurized Line Leak Controller (Max 2/console for use w/ PLLD) - Provides dispenser handle inputs and high power output to STP control relays, 120V
0329357-001	Module, Five-Input Groundwater Sensor, for use w/ Series 7943 Groundwater Sensors	0330374-002	Module, Three-Output Pressurized Line Leak Controller (Max 2/console for use w/ PLLD) - Provides dispenser handle inputs and high power output to STP control relays, 240V
0329399-001	Module, Eight-Input Type A Sensor, for use w/ Series 7943 Discriminating Interstitial Sensors, 7943 Non-Discriminating Dispenser Pan and Containment Sump Sensors	0329999-001	Module, Four-Input Pump Sense Interface (1 per 4 STP's req'd for Continuous STP Run Monitor feature with software ver. 27 or higher) – Used with Continuous STP run Monitor and CSLD, 120V
0329950-001	Module, Six-Input Type B Sensor Interface, for use w/ Series 7943 Discriminating Dispenser Pan & Containment Sump Sensors	0331408-001	Module, Dispenser Controller, 10 amp relay, 120V, Controls dispenser power for shut down purposes
0330843-001	Module, Six-Input Pressurized Line Leak Interface for use w/ PLLD (Max 1/console)	0847490-504	Module, Pump Relay Monitor, (1 per 4 STP's req'd for Continuous STP Run Monitor feature with software ver. 27 or higher). Rated for 240V – Designed to detect faulty STP control relay

## ► Impacted Equipment: Communication Modules

Part Number	Description	Part Number	Description
0330148-001	Module, RS-232 Interface with Auxiliary Port	0330020-424	Module, Ethernet-TCP/IP Communications for TLS-300 Series
0329362-001	Module, RS-232 Interface (Max 3/console)	0330586-001	Module, Dual-Port RS-232/RS-485 Interface (only used in Comm. Slots 3, 4)
0329362-003	Module, RS-232 Satellite	0330586-011	Module, Dual-Port Remote Display/RS-232, for TLS-350 Series
0329362-004	Module, RS-232 Serial Satellite	0330586-015	Module, Dual-Port Remote Display/Satellite RS-485 (Amoco)
0330149-002	Module, SiteFax™ 300/1200/2400-Baud Fax/Modem Interface (Max 3/ console, phone cable incl.)	0330586-016	Module, Dual-Port RS-485/Serial Satellite (Shell)
0330020-425	Module, Ethernet TCP/IP Communications TLS-350 Series Consoles		

## ► Impacted Equipment: Software Enhancement Modules

Part Number	Description	Part Number	Description
0330160-002	Continuous Statistical Leak Detection (CSLD) for TLS-350 Series Consoles	0330161-001	Static In-Tank Testing for TLS-300i and TLS-300c
0330160-003	Fuel Manager for TLS-350 Series Consoles	0330161-003	Continuous Statistical Leak Detection (CSLD) for TLS-300i and TLS-300c
0330160-010	Ultimate Testing: Pressurized Line Leak Detection (PLLD) for TLS-350 Series Consoles	0330160-060	Risk Management: Wireless / Pressurized Line Leak Detection (w/ PLLD) for TLS-350 Series Consoles
0330160-100	Business Inventory Reconciliation (BIR) and Variance Analysis (VA), (SEM) for adding BIR to a TLS-350 or TLS-350PLUS	0330160-050	Base Compliance: Wireless / Pressurized Line Leak Detection (w/ PLLD) for TLS-350 Series Consoles

## ► Impacted Equipment: Pressurized Line Leak Detectors

Part Number	Description	Part Number	Description
0848480-001	Pressurized Line Leak Detector Sensor without SwiftCheck, UL	0848480-003	Pressurized Line Leak Detector Sensor with SwiftCheck, UL

## ► Impacted Equipment: CPU Boards & Software Upgrades

Part Number	Description	Part Number	Description
0331500-363	TLS-300 Software Upgrade with CPU board (for consoles shipped before 10/13/08)	0331500-320	TLS-350R, TLS-350PLUS Software Upgrade and 1 MEG Memory Expansion Module (V3xx, for consoles with existing ECPU2 boards and >8 tanks or BIR w/ manifold tanks)
0331500-308	TLS-350R, TLS-350PLUS Software Upgrade with ECPU2 Board and ROM (V1xx)	0331500-348	TLS-350R, TLS-350PLUS Software Upgrade with ECPU2 Board and 1 MEG Memory Expansion Module (V3xx, for >8 tanks or BIR w/ manifold tanks)
0331500-303	TLS-350R, TLS-350PLUS Software Upgrade Only (V1xx, for consoles with existing ECPU2 boards)	0333760-102	Memory Expansion Module for ECPU1 Board, 1 MEG
0331500-353	TLS-350R, TLS-350PLUS Software Upgrade Only (V3xx, for consoles with existing ECPU2 boards)	0333760-201	Memory Expansion Module for ECPU2 board, 1 MEG (req'd for V27 or higher on > 8 tanks or BIR w/ manifold tanks)
0333760-203	Memory Expansion Module for ECPU2 board, 2 MEG (req'd for ISD or Maintenance Tracker)		

## ► Impacted Equipment: Service Boards

Part Number	Description	Part Number	Description
0847490-001	Interface Module Expansion Board Kit (TLS-350, TLS-350PLUS and TLS-350R), No Charge	0329370-004	Printer Door Group*
0330734-001	Printed Circuit Board, Power Supply, TLS-350, TLS-350PLUS, TLS-350R, TLS-350J	0331898-001	Barrier Board, TLS-350, TLS-350PLUS, TLS-350R, TLS-350J
0329257-001	Printed Circuit Board, Mother Board, TLS-350, TLS-350PLUS, TLS-350R, TLS-350J	0330728-003	Module, CPU Board, Surface Mount, TLS-300, TLS-300i, TLS-300c
0329263-002	Module, Interconnect Board, TLS-350, TLS-350PLUS, TLS-350R, TLS-350J	0331898-002	Barrier Board Group, TLS-300, TLS-300i, TLS-300c
0330020-816	Liquid Crystal Display	0330051-001	Power Supply Board, TLS-300, TLS-300i, TLS-300c
0329328-002	Keyboard Group	0330230-001	Module, 4 Probe/8 Sensor, TLS-300i
0329348-001	Module, Local Printer, TLS-350	0333593-001	ECPU2 Board, TLS-350 Series
0331190-001	Module, AC Input, 115 Volt, TLS-350, TLS-350PLUS, TLS-350R, TLS-350J	0329367-001	TLS-350 Complete Keyboard Door
0331190-003	AC Input Module, 230 Volt, TLS-350, TLS-350PLUS, TLS 350R	0330027-001	TLS-300 Complete Keyboard Door

## ► Impacted Equipment: Spare Parts

Part Number	Description	Part Number	Description
0329209-001	Printer Paper Roll Cover	0576007-115	Transformer 230 Volt TLS-350, TLS-350PLUS, TLS-350R
0329210-001	Printer Paper Spool – Half Take-up	0329339-001	Module, Single Cover Group - 1 module
0329211-001	Shaft Paper Roll	0329340-001	Module, Six Slot Cover TLS-350, TLS-350PLUS, TLS-350R Cover Group - 6 module
0329212-001	Take-Up Roll Motor Group, Take-Up Spool Motor	0329342-001	Shoulder Screw, 8-32
0329213-002	Printer Gear	0332609-001	Dual-Port Board Cable
0329338-001	Transformer 115 Volt	0329344-001	Printer Cable, 6 Conductor
0329363-001	Blank Left-Hand Door without Printer	0576006-786	Module, 10-Position Module Connector/Plug, Relay TLS-300 I/O
0329372-001	Button Set, 24-Piece Key Cap Set	0576006-842	Connector 12-Pos.
0576006-846	Connector 8-Pos. Probe TLS-300	0576006-979	Plug 4-Pos. Probe
0576006-848	Sensor, Plug 16-Pos.	0576006-855	Plug 2-Pos. AC Input
0576006-860	Module, Plug 18-Pos. Type B	0576010-695	Lithium Battery 3.5 Volt Battery
0576006-887	Connector 3-Pos. AC Input TLS-300	0576010-925	Lens Clear Panel
0576011-034	Lamp
