

# Drive-Thru with Passport® Express Ordering

Delight your Customers, Elevate your Profits.

## Capture the Attention of Busy Diners Seeking Their Next Meal!

In today's fast-paced world, drivers prioritize convenience and quality when choosing where to eat. While your food is exceptional, many opt for nearby Quick Service Restaurants after refueling.

Differentiate yourself by offering a drive-thru with Express Ordering options. Become the go-to destination for hungry drivers, enhance their dining experience, and watch your profits soar!

**62%**  
of consumers  
reported that they would  
visit a c-store more often if  
drive-thru was available<sup>1</sup>

### Streamline the Process

- Orders enter the kitchen system as soon as they're placed.
- Efficient order-taking screens.

### Customize the Experience

- Choose a full or limited menu. Your choice.

### Easily Expand

- Add-on to Passport Point of Sale.
- Utilize the same pricebook and payment network.

1. Per NACS 2023 SOI report

# Benefits of Drive-thru

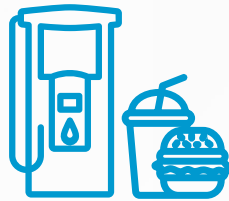

- Increase sales volume
- Expand customer base
- Boost order value
- Reduce labor costs
- Build loyalty

No made-to-order program? No problem! You can still offer any item in your store. Whether it's grab 'n go food, center store items, or anything else in your pricebook, the menu selection is up to you.

## Drive-thru Recipe for Success

Close to  
commute route

Buy gas and food in  
the same stop

Delight loyal  
customers

**Quick Tip:** Double the use of your drive-thru pick up window by using it for mobile order and order at the pump pick up.
