

Engage Media

Upsell & Build Your
Forecourt Brand

Engage Media introduces new cloud-based capabilities that enables retailers to self-manage media at the pump including audio and video with basic scheduling, site grouping, dayparting and more.

Continuous Playback Across Idle

Engage Media introduces the continuous playback of media across idle state, not dependent on nozzle position

Easy to Use Playlist Builder

With Engage Media, quickly build and deploy playlists via the cloud, no matter the size of the network

Easy Forecourt Deployment

Easy activation leveraging the same cloud connection previously used for FlexPay 6 installation

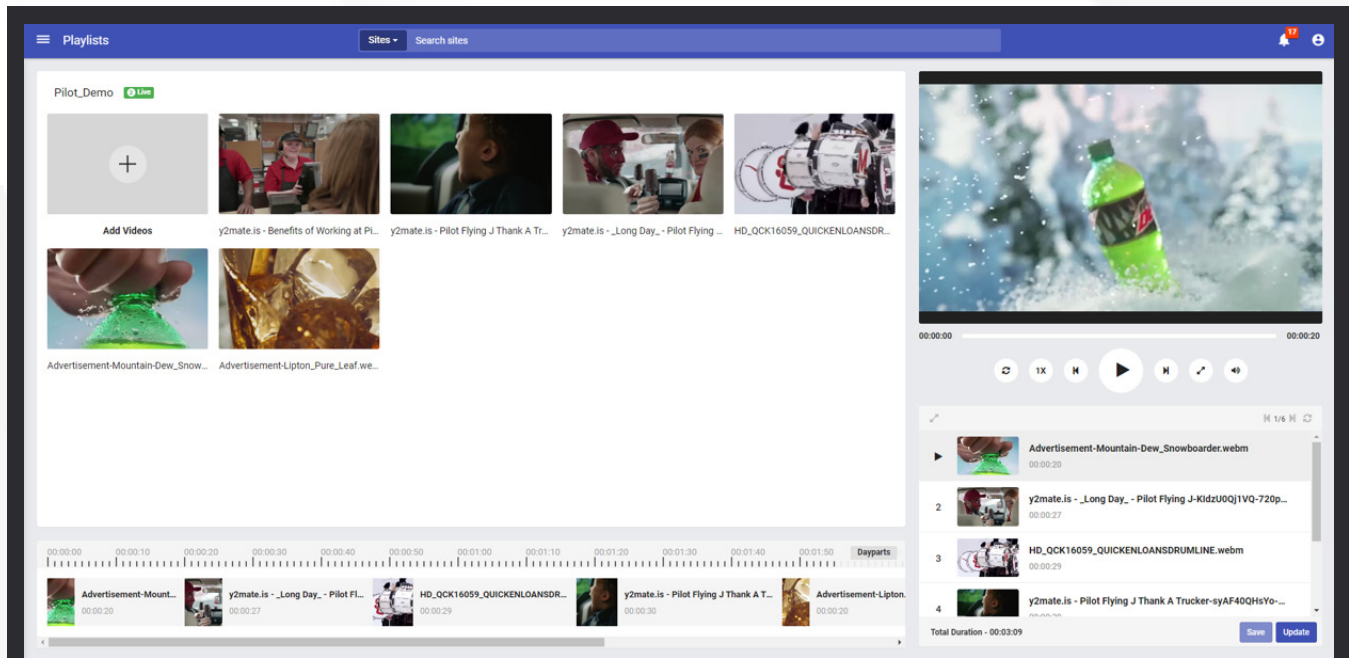

Proof of Play Reporting

Demonstrate the ROI of your media with this tool that provides proof of ad play date and time

Engage Media

Schedule and Deploy Media for FlexPayIV and FlexPay 6

Easily drag and drop videos along with static images to build and preview playlists

Additional Engage Media Features Include:

- ✓ Simple Deployment
- ✓ Configure Day Parts
- ✓ Proof-of Play Reporting
- ✓ Upload Videos and Images
- ✓ Multi-Factor Authentication
- ✓ Unlimited Playlists
- ✓ Synchronized Playback Enhances FlexPay 6 Customer Experience
