

Device Management Onboarding Process

INSTALLATION PROCESS

Note: Factory-shipped ATGs will be Hub-ready as of November 2025.

ORDERING PROCESS

Console Set-up Required Prior to Step #1

Physical Device Connected

At this point, the ATG is installed and 'linked' to

Sign-Up Form

1 Electric Sign-Up Form

Users will be directed to <https://www.veeder.com/us/device-management> to get started and access the [Veeder-Root Device Management form](#).

Contract

2 Authorization to Use & Add Sites Contract

User provided a DocuSign link to execute a contract addendum for the initial site set-up to add additional sites.

Internal Processing

3 Site Onboarding & Implementation

User officially set-up in system and electronically invoiced.

Important Notes:

- Contract acts as the official order
- Console ID provided in previous steps ensures ATG activation and invoice syncing

ORDERING PROCESS (CONTINUED)

1. Sign-Up Form

A Users will be directed to <https://www.veeder.com/us/device-management> to get started and access the [Veeder-Root Device Management form](#).

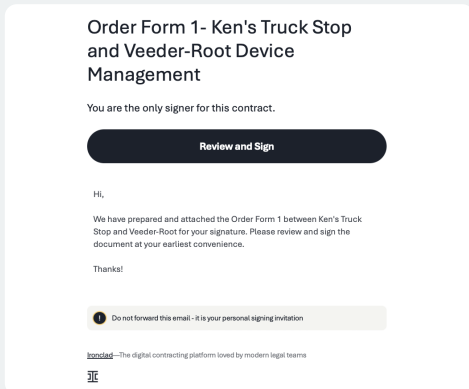

C Users also have the opportunities to enter multiple sites for onboarding in one form submission.

B User will enter their company and site details.

2. Contract

A User will receive an email from Vontier (noreply@sign.ironcladapp.com) with the subject "Signature Needed - Order Form 1 - [Your Company Name] and Veeder-Root Device Management". **If you do not receive an email in your Inbox, check your Junk/Spam folder.**

3. Internal Processing

A After the DocuSign is complete, user sites will be set up in the Hub. Then, users will receive a Hub Registration email from noreply@hub.invenco.com to login.
