IoT Portfolio

Agenda

01 Introduction and House Keeping

02 2025 Reflections

03 Live Demos

04 Device and Cloud Roadmap

2025 Reflections

Dispenser

6-digit MV support

NF9

PCN5 + CAT3 Enablement

Dispenser + Cloud

Remote personality enable and activation

Remote dispenser date and time config

PCN5 Remote Settings and Software update

Component Status Report

I360 Platform and device Hardening

Cloud

Frontcourt – Backcourt config

Auto Sync Clock & Timezone on FP6 for Media

Forecourt Event Filtering

FP6 in Forecourt

Flow Capacity attribute in IS360

FP6 RKI Report

Improved Events View

Live Dispenser Demo

**Remote
HALT & Resume**

No, No , No!

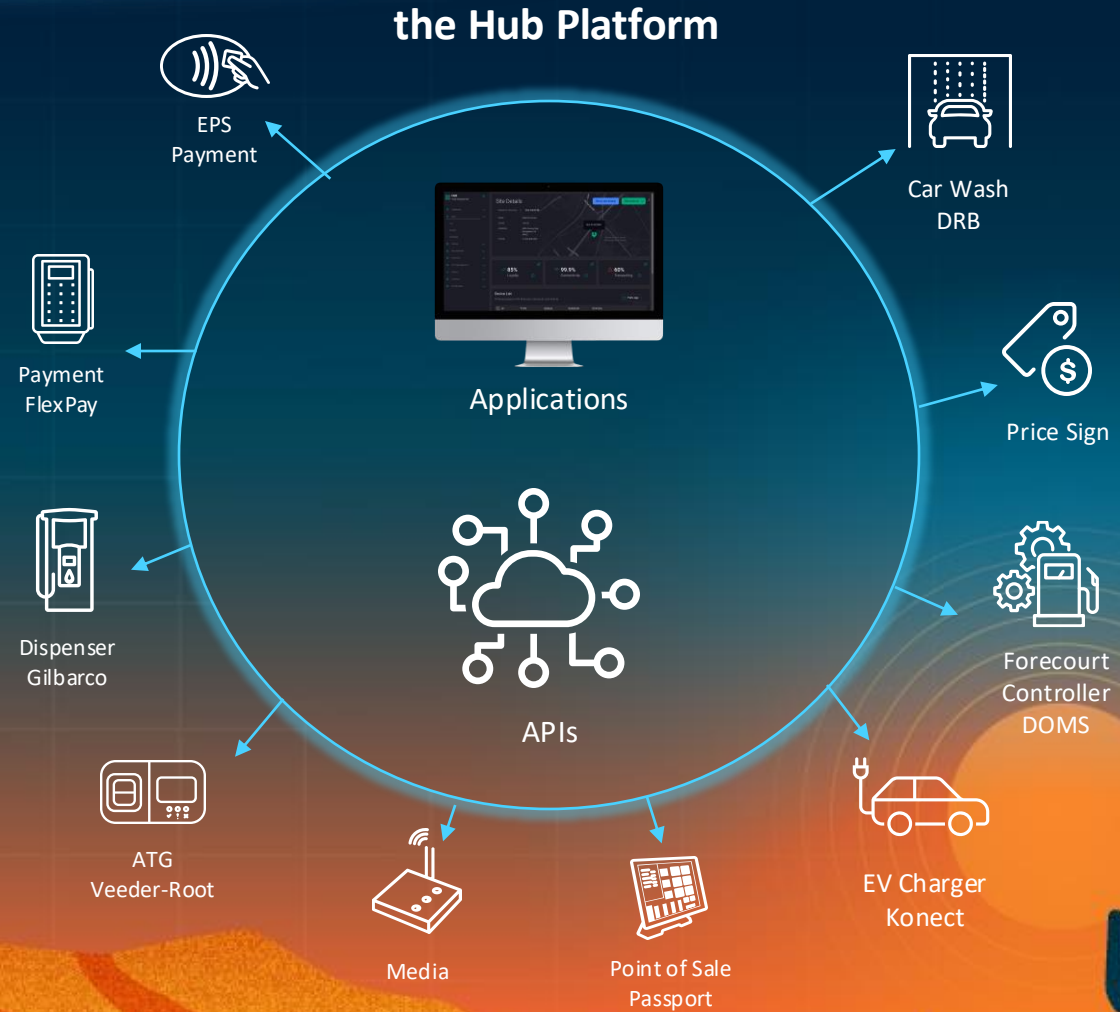

**Single
OMNIA Bundle**

(video play)

**FlexPay6 in
Forecourt**

Dispenser Application in the Hub Platform

Dispenser Application in the Hub Platform

Reduce duplication

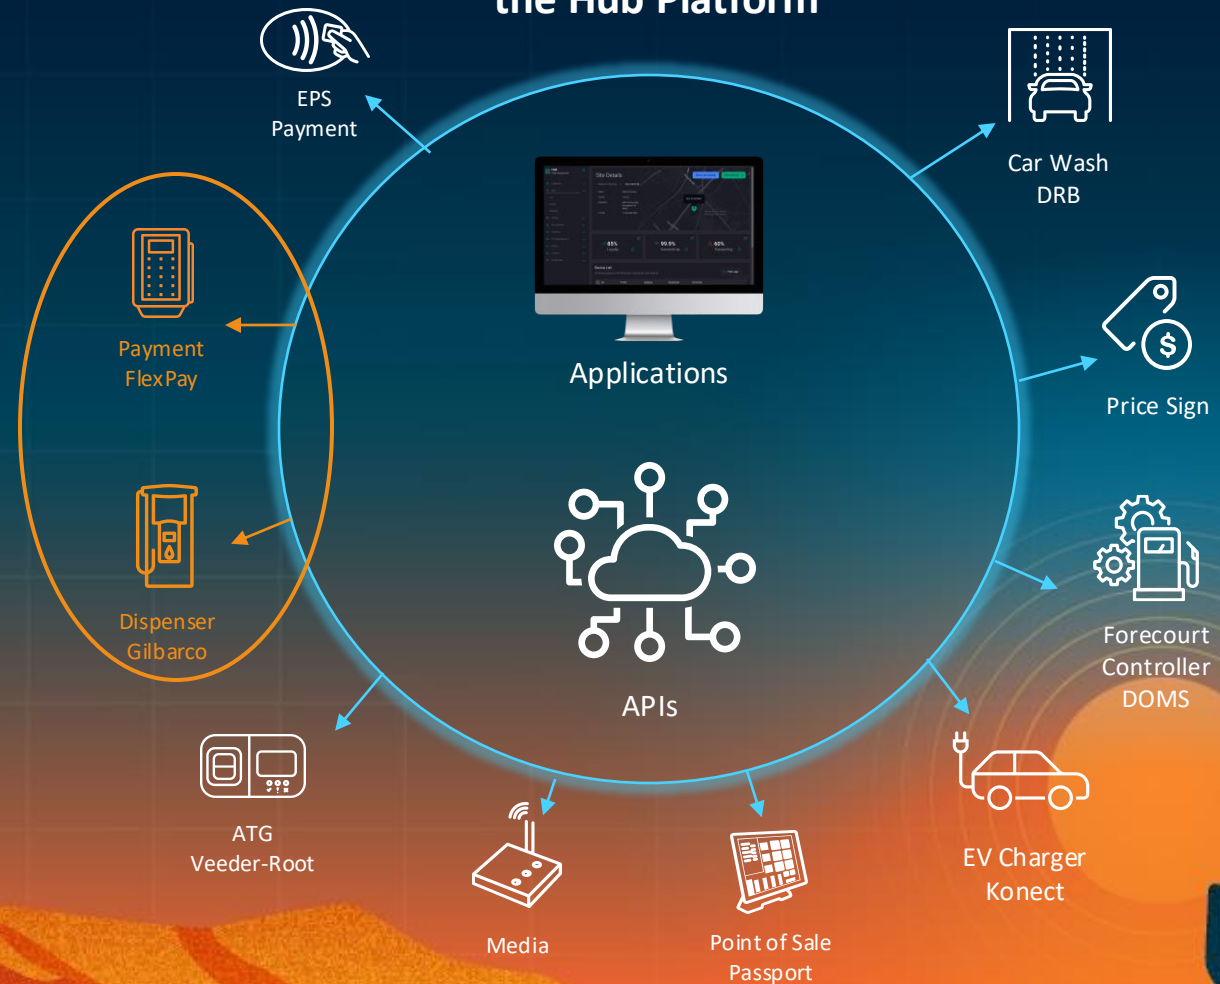

Consistent User Experience

User Centric

the Hub Platform

Live Dispenser Demo

Dispenser Solution in the Hub

2026: New DEF and New COG MV Display

DEF Board

- Single board controls both DEF cabinets
- compatible with PCN5/display
- Temperature data available via i360 and PCN5 command

COG MV Display

- 7-digit money and volume display
- Supports additional international characters
- Single/dual PPU options available

OMNIA PCN SW Product Roadmap — 2026

Quarterly releases, features and optimizations

Q1 2026

OMNIA 6.3 / PCN 06.0.52
(production release)

- Remote personalities enablement
- Meter info & 'who I am' report available on Forecourt (PCN5)
- Forecourt hardening
- NF9 support
- Encrypted pulser enhancement

Q2 2026

OMNIA 6.4 / PCN 06.0.57
(Field Trial release)

- Remote COG and DEF board fwr update via Forecourt
- DEF board remote thresholds configuration via Forecourt
- PCN5 DYE Rev 1175/76 cpu support
 - Media Pump ID configuration via Forecourt
 - RTP log download including meter info
 - DEF with Encrypted Pulser enhancements

Q3 2026

OMNIA 6.5 / PCN 06.0.63
(production release)

- Dispenser Remote Halt and Resume via Forecourt command
- FlexPayIV softkeys usage diagnostic event
 - Vulnerability update
 - Log refactoring
 - check sum error enh
 - AtlasX 100:1 pulse output
 - Preset keypad enh
 - 775 calculation mismatch with certain PPU enh

Q4 2026

- RTP Log download via OMNIA Webui
- PCN 5 Remote setting playlist available on forecourt (PCN5)
- Advance DEF monitoring
7-8 MV support

Asset Management Cloud Roadmap - 2026

Q1 2026

- Enable i360 events view with filters
- Remote personalities enablement
- Indicate Dispenser Flow Capacity in IS360
- Component Status Report
- Forecourt hardening
- View Dispenser Device List + Details Page in the Hub
- View Payment Device List + Details Page in the Hub
- Omnia, FP6 and PCN reboot via Hub
- RKI Report in ICS

Q2 2026

- Release FP6 actions in I360
- Show FP6 transaction + FP6 device alerts in Forecourt
- FP6 new alerts release
- Dispenser Remote Halt and Resume via Forecourt command
- Sequoia 3 to 5 Upgrade in ICS
- IS360 Network Dashboard
- FP6 PCI Device Inventory Report
- GVR ID in ICS Site Details Page
- Show Omnia, PCN, FP4 and FP6 alerts in the Hub
- PCN5 configuration change in Hub

Q3 2026

- IS360 Network Dashboard Quick actions
- Status by Device type (Edge, OPT, IPT) in ICS
- Pager Duty to monitor ICS services
- Show OMNIA/GSOM registration in ICS automatically
- Alert assignment in the hub
- Dispenser and Payment dashboard in the Hub
- FP6 configuration change in Hub

Q4 2026

- Synchronize the FP6 Reboot and the Dispenser Power cycle commands
- ICS SSO
- IPT Device List + Details Page in the Hub
- Dispenser and Payment Reporting in Hub
- SW Download phase 1 in Hub

2027 Product Roadmap – Encore + Remote management

Quarterly releases, features and optimizations

H1 2027

OMNIA Multiproduct for Media

OMNIA OS update

PCN5 theft Suite

UCC on OMNIA

OMNIA centralized Software Update

API Kafka migration

FlexPay 6 IPT offering in the Hub

H2 2027

Dispenser ATG Integration

Laptop tool and M7 Maintenance tool replacement with OMNIA local web UI

Remote Centralized Software management (Manual and automatic)

Dispenser and Payment Report customization

P2PE for FlexPay 4 and 6 in the Hub

Any questions?
