

AtlasX

Preconfigured Program

Get to market faster with premium factory-configured AtlasX electronic dispensers, designed to simplify procurement, accelerate project turnaround, and deliver a refined customer-facing presentation. Built with the most requested options already in place, AtlasX preconfigured models offer a streamlined buying experience, consistent premium cosmetics, and dependable deployment for a wide range of site applications.

Program Overview

Ship-from-stock convenience helps shorten project schedules.

Includes commercial, retail, Ultra Hi Flow, and satellite models

Standard dual-channel pulse output on all preconfigured units. Field conversion to 2-wire communication supported if required.

Cosmetics and Graphics

- White front panels, gray sides, and black tops.
- Graphic kit includes common product IDs such as diesel and unleaded.
- Clean, executive-ready look.
- Built for confident deployment with a refined customer experience.

8800/9800 Standard Preconfigured Package	8850/9850 Standard Preconfigured Package
115/230 VAC, 60 Hz Operation	115/230 VAC, 60 Hz Operation
Internal filter adapter	Satellite internal piping (9850GX)
Light per hose	Light per hose
Slowdown valve, 1" high flow	Slowdown valve, 1" high flow
Internal filter, standard 10 micron	Satellite in-use indicator light – single/dual
Electro mechanical totalizer (gallons)	Electro mechanical totalizer (gallons) – single/dual
Pulse output or 2-wire communication	Pulse output or 2-wire communication

Preconfigured Models

Complete lineup of AtlasX preconfigured models.

Part No.	Market	Flow	Product Name / Description
AX-8853S1-QP	Retail	High Flow	8853G FIL - QS - Single
AX-8853S1-QD	Retail	High Flow	8853GX FIL - QS - Single
AX-8853T1-QD	Retail	High Flow	8853GXTW1 FIL - QS - Twin - 1-Product
AX-8853T1-QP	Retail	High Flow	8853GTW1M FIL - QS - Twin - 1-Product Twin Motor
AX-8853T2-QD	Retail	High Flow	8853GXTW2 FIL - QS - Twin - 2-Product
AX-8853T2-QP	Retail	High Flow	8853GTW2 FIL - QS - Twin - 2-Product
AX-9853S1-QP	Commercial	High Flow	9853G DF - QS - Single, Side Load
AX-9853S1-QD	Commercial	High Flow	9853GX DF - QS - Single, Side Load
AX-9853SF-QD	Commercial	High Flow	9853GX DFZ - QS - Single, Front Load
AX-9853T1-QD	Commercial	High Flow	9853GXTW1 DF - QS - Twin - 1-Product, Side Load
AX-9853TF-QD	Commercial	High Flow	9853GXTW1 DFZ - QS - Twin - 1-Product, Front Load
AX-9853T1-QP	Commercial	High Flow	9853GTW1M DF - QS - Twin - 1-Product, Side Load Twin Motor
AX-9853T2-QD	Commercial	High Flow	9853GXTW2 DF - QS - Twin - 2-Product, Side Load
AX-9853T2-QP	Commercial	High Flow	9853GTW2 DF - QS - Twin - 2-Product, Side Load
AX-9850SF-QD	Commercial	Ultra High	9850GX DZ - QS - Single, Front Nozzle
AX-9850S1-QD	Commercial	Ultra High	9850GX D - QS - Single, Side Nozzle
AX-9850TF-QD	Commercial	Ultra High	9850GXTW1 DZ - QS - Twin, Front Nozzle, 1 product
AX-9850T1-QD	Commercial	Ultra High	9850GXTW1 D - QS - Twin, Side Nozzle, 1 product
AX-9850CF-QD	Commercial	Ultra High	9850GXTW3 DZ - QS - Combo Master/Satellite, Front Nozzle
AX-9216S1-QP	Commercial	Ultra High	9216G-Z - QS - Single, Front Load

Hose Reels & Nozzles

Part No.	Description
HAQ807	3/4" x 12" Black Nozzle, Magnetic Breakaway
HAQ808	3/4" x 12" Green Nozzle, Magnetic Breakaway
HAQ809	3/4" x 15" Black Nozzle, Magnetic Breakaway
HAQ810	3/4" x 15" Green Nozzle, Magnetic Breakaway
HAQ815	1" x 12" Green Nozzle, Magnetic Breakaway
HAQ816	1" x 15" Green Nozzle, Magnetic Breakaway

Pressure Valve

Part No.	Description
G048577PG8	Model 52A Pressure Regulating Valve

External Hose Retracts

Part No.	Description
G032754	3/4" HW or SW Hose (1-1/32" OD)
G032669	1" HW Hose (1-3/8" OD)
M14476K001	AtlasX Support Post Kits

External Filters

Part No.	Description
G032754	External Filter - Std Single Canister
G032755	External Filter - Hydrosorb Single Canister
G032752	External Filter - Std Dual Canister
G032753	External Filter - Hydrosorb Dual Canister
