GILBARCO VEEDER-ROOT

Gilbarco® Performer® Series

Gilbarco Veeder-Root, the world leader in electronic dispenser technology, now brings you its value in an economical package: the Performer series of pumps and dispensers.

Inside, the Performer series includes the same highly reliable electronic components and hydraulic assemblies used in Gilbarco's Legacy® pumps and dispensers. The Performer series is also specifically designed to bring you the benefits of Gilbarco technology in a high value package.

The Performer series provides an electronic image, electronic communication with other devices, and low cost of ownership. Gilbarco manufactures the unit in black or white, allowing ample room for customer-supplied graphics.

As with all Gilbarco products, you benefit from the sales and service support of Gilbarco's worldwide network of professional distributors.

Technology with a human touch.
