

## Encore<sup>®</sup> Ultra-Hi DEF I Primary & Satellite Dispensers

Pump up to 60 gpm\* combined flow rate when using a primary and satellite simultaneously – with all the convenience of pay-at-pump. It's the fastest way to pump and pay!

The truck stop environment requires rugged solutions that are both durable and reliable, because time is money to you and your customers.

Gilbarco Veeder-Root's Ultra-Hi flow primary and satellite dispensers for retail truck stops are made to last and they cut in half the amount of time it takes to pump and pay. You can sell more fuel during busy periods and your customers get back on the road faster.

Our Encore<sup>®</sup> models combine to offer the most rugged, economical and flexible choices for truck stop fueling.

### Highlights

- > Flexible choices
- > POS & Back Office compatibility
- > Easy, modular upgrades
- > Combined diesel and DEF fueling

\* Assumes 30 psi inlet pressure. Flow rate for primary and satellite used separately is about 30 gpm each. Actual results may vary.

# The fastest way to pump and pay. - Encore® Ultra-Hi Flow Primary and Satellite Dispensers

## Flexible choices

A variety of configurations are interoperable to provide many options for your fuel island layout. Pair one or two-sided primary dispensers with one or two-sided satellites.

Combo dispensers (primary on one side and satellite on the other) provide a consistent look to your fuel island. You can also use Legacy satellites with Encore primary for an economical solution.

## POS & Back Office compatibility

Encore S and Ultra-Hi primary use Gilbarco® CRIND® card reader in dispenser for fast and secure payment at the forecourt.

Gilbarco's standard dispenser interface is compatible with your Gilbarco Passport® point of sale system, as well as most third-party point of sale and back office systems.

## Easy, modular upgrades

Encore modular dispenser electronics make it easy to upgrade to new features in the future. Buy the features you need today and keep technology options open for the future as your business grows.
